Case No.: 21-cr-305 (JEB)

Exhibit #2002

STIPULATION OF THE PARTIES

The United States of America, by and through its attorney, the United States Attorney for the District of Columbia, and the defendant, Sara Carpenter, through her attorneys, agree and stipulate to the following:

The Capitol Building and Grounds

By law, the U.S. Capitol, which is located at First Street, SE, in Washington, D.C., is secured twenty-four hours a day by U.S. Capitol Police (USCP). Around the Capitol were permanent and temporary security barriers. At the U.S. Capitol, the building itself has 540 rooms covering 175,170 square feet of ground, roughly four acres. The building is 751 feet long (roughly 228 meters) from north to south and 350 feet wide (106 meters) at its widest point. The U.S. Capitol Visitor Center is 580,000 square feet and is located underground on the east side of the Capitol. On the west side of the Capitol building is the West Front, which includes a variety of open concrete spaces, a fountain surrounded by a walkway, two broad staircases, and multiple terraces at each floor. On January 6, 2021, the inaugural stage scaffolding was on the West Front of the Capitol building. On the East Front are three staircases, porticos on both the House and Senate side, and two large skylights into the Visitor's Center surrounded by a concrete parkway.

On January 6, 2021, bike racks were positioned to the north of the U.S. Capitol along Constitution Avenue; to the south of the U.S. Capitol along Independence Avenue; to the west of the U.S. Capitol along First Street on the eastern side of that street; and, on the east side of the U.S. Capitol, between the Capitol Plaza (East Front) and the grassy areas located between the Plaza and First Street. Within the West Front of the Restricted Area there were additional barriers including snowfencing and bike racks. due to preparations and ongoing construction for the Inauguration which was scheduled for January 20, 2021.
